## Professional Experience

### August 2018 – present

Senior Product Manager | Amazon | Seattle, WA

- Spearhead the strategy and execution for Amazon's cross-platform capabilities
- Oversee a cross-departmental team of over 50 members across marketing, engineering, and customer support
- Ensure strategic coherence and operational alignment with overarching business objectives

### May 2015 – July 2018

Product Manager | Google | Mountain View, CA

- Utilized advanced data analysis techniques to deeply understand user needs
- Demonstrated leadership ability by mentoring a cohort of 12 junior product managers, boosting morale through personalized training and development
- Led a project with the AI team to integrate machine learning algorithms into product recommendations, which increased user interaction by 25% in the first six months

## Education
