An RN with five years of experience providing quality health care services to diverse patient populations. Achieved consistently high levels of patient satisfaction and helped drive positive patient outcomes. Specializations include post-operative care, patient rehabilitation, supervising LPNs, and case management.

PROFESSIONAL EXPERIENCE

RN | October 2021 - present

Saint Marks Memorial Hospital, Hoboken, NJ

- Coordinate with multi-disciplinary teams to enhance clinical operations and care standards, resulting in a 15% reduction in average length of stay
- Lead, mentor, and coach a team of eight LPNs in a unit with over 25 beds to ensure compliance with disease prevention protocols
- Perform post-operative health exams for life-threatening conditions and infections, develop rehabilitative treatment plans, and provide emotional support to patients
- Achieved a 97% patient satisfaction score for compassionate care

RN | July 2018 - September 2021

Staten Island University Hospital,
Staten Island, NY

- Delivered high-quality care to a diverse patient population at a trauma center with over 200 beds and a 1:6 patient ratio
- Conducted comprehensive assessments for incoming patients and prepared individualized care plans with physicians
- Provided support to physicians and surgeons by monitoring patient vital signs, administering medication, and preparing patients for surgical procedures
- Collaborated to improve clinical operations, which reduced new patient wait time by 65%
