City, State Abbreviation zip code

PROFILE

An experienced undergraduate biology professor with a Ph.D. in Molecular Biology with an emphasis on molecular biology and genetics. Proven track record in providing an engaging student environment, delivering rigorous curricula, and conducting impactful research. Average student recommendation rate of 98%. Won a Teaching Innovation Award for the biology department.

PROFESSIONAL EXPERIENCE

Professor, University of Utah, Salt Lake City, UT

August 2019 – present

- Taught an average of four classes per semester, including labs, with an average student recommendation rate of 98%
- Implemented active learning techniques that increased student participation by 35% and improved the average class grade by 10%
- Received the “Dr. Hurst Research Award” for 2022

Associate Professor, Ohio State University, Columbus, OH

August 2016 – May 2019

- Created two new elective courses in gene therapy and genetic engineering, with full enrollment in the second semester
 - Decreased laboratory safety incidents by 50% by creating and implementing mandatory safety training course
-

EDUCATION

Doctorate in Molecular Biology

August 2010 – May 2015

Boston University, Boston, MA

KEY SKILLS

- Blackboard
 - Classroom management
 - Curriculum development
 - Experimental design
 - Laboratory management
-

PROFESSIONAL AWARDS

- Dr. Hurst Research Award for advancements in molecular biology, 2022
- Innovative Teaching Award, Ohio State University, 2017
