TECHNOLOGY
Cambridge, MA

ABOUT ME

Architect with extensive experience in designing and developing projects for top-tier companies like Lockheed Martin and Boeing. Skilled at coordinating with diverse teams and supervising construction processes to ensure compliance with building codes and regulations. Proficient in AutoCAD and other architectural software, with a solid understanding of technical drawings.

PROFESSIONAL EXPERIENCE

Senior Architect | June 2017 to present

Lockheed Martin, Seattle, WA

- Led design and development of high-security architectural projects, ensuring compliance with stringent building codes and regulations
- Coordinated with a diverse team of engineers, contractors, and interior designers to deliver projects on time and within budget
- Supervised construction of four major projects, visiting and inspecting sites regularly to ensure adherence to plans and designs

Project Architect | June 2015 to May 2017

Boeing, Chicago, IL

- Designed, developed, and managed architectural projects for various aerospace facilities, using AutoCAD and other architectural software
- Collaborated with a team of professionals to discuss plans and designs, resolving any issues that arose during project lifecycle

CREDENTIALS

- Architect Registration Examination (ARE), National Council of Architectural Registration Boards
- Certified Professional Architect (CPA), National Council of Architectural Registration Boards
- Leadership in Energy and Environmental Design (LEED), U.S. Green Building Council
