

JASMINE BROWN

A CNA with proven experience in providing high-quality patient care, maintaining accurate medical records, and acting as a key communication link between patients and medical staff. Committed to continuous professional development and excellence in patient care.

PROFFESIONAL EXPERIENCE

CERTIFIED NURSING ASSISTANT

JOHNSON & JOHNSON, PHILADELPHIA, PA | JUNE 2018 - PRESENT

- Provide high-quality patient care to an average of 15 patients per day, assisting with daily living activities such as bathing, feeding, and mobility
- Maintain comprehensive electronic medical records, ensuring accuracy and up-to-date information on patient vital signs, intake and output, and other necessary medical data
- Act as a key communication link between patients and medical staff, effectively conveying patient concerns and changes in condition, resulting in improved patient care and satisfaction

CERTIFIED NURSING ASSISTANT

PFIZER, LOS ANGELES, CA | JULY 2017 - MAY 2018

- Assisted in providing patient care to an average of 10 patients per day, helping with daily living activities and exercise routines
- Played a crucial role in maintaining patient records, ensuring all information was accurate and up-to-date, contributing to the efficiency of the nursing team
- Served as a liaison between patients and nurses, effectively communicating patient concerns and changes in condition, leading to timely medical intervention and improved patient outcomes
