PROFESSIONAL EXPERIENCE

DevOps Engineer

CloudTech Solutions Inc., Seattle, WA | February 2020 – present

- Implement CI/CD pipelines, resulting in a 40% reduction in deployment time and faster issue resolution
- Develop scripts for automatic scaling of cloud resources based on traffic patterns in AWS and Azure environments
- Support a team of 15 developers to achieve a 99.9% system uptime over the past year, ensuring minimal disruption and maintaining a reputation for reliability

Software Engineer

Innovative Software Solutions, San Francisco, CA | July 2017 – January 2020

- Created and managed complex multi-container applications using Docker Compose to streamline development and testing workflows
- Developed a custom monitoring tool using Python to track over 500 metrics and alert the team of performance dips or system health issues
- Collaborated with infrastructure teams to implement Infrastructure as code (IaC) practices using Terraform, reducing provisioning time from an average of two weeks to less than two hours

EDUCATION

Bachelor of Science (B.S.) Computer Science

University of Southern California, Los Angeles, CA | Sept 2013 – June 2017

CERTIFICATIONS

- AWS Certified DevOps Engineer, 2022
- Certified Software Engineer (CSE), Institute for Certification of Computing Professionals (ICCP), 2020
