ABOUT ME

Chief IT officer with a master's degree in business administration and nearly a decade of executive-level leadership experience in HIT.

Prioritizes patient care through the deployment of technology.

Currently leading the IT strategy for eight facilities. Passionate about team development through a culture of accountability.

PROFESSIONAL EXPERIENCE

Chief Information Technology Officer

Community Health Center Network, San Francisco, CA | March 2020 – present

- Lead the IT department and oversee the technology strategy for eight health centers in the San Francisco Bay area
- Implement enterprise-wide IT initiatives such as electronic patient management (EPM), HIE, and patient portals
- Manage a budget of \$10 million for technology upgrades to support patient care
- Negotiate contracts with vendors to secure favorable terms and reduce expenditures

Director of Information Technology

ChapCare, Pasadena, CA | January 2015 – February 2020

- Oversaw a team of 30 staff and facilitated continuous training for all departments
- Reduced turnover by 25% after taking on the position and overseeing the recruitment and development of the IT team
- Managed all aspects of IT, HIT, and IS operations

EDUCATION
