## EDUCATION

Bachelor of Science in  
Cybersecurity | University of North  
Carolina, Charlotte | May 2015

## KEY SKILLS

- Network intrusion prevention systems (IPS)
- Risk assessments and threat analysis
- Firewall management (Palo Alto, Cisco ASA)
- Incident response planning
- Regulatory compliance (NIST, ISO 27001)

## ABOUT ME

Skilled in deploying intrusion prevention systems, conducting risk assessments, and ensuring compliance with security frameworks like ISO 27001 and NIST.

## PROFESSIONAL EXPERIENCE

**SENIOR NETWORK SECURITY ENGINEER | SAFENET SYSTEMS, CHARLOTTE, NC**  
AUGUST 2017 - PRESENT

- Deployed and managed advanced IPS, reducing security breaches by 50% over three years
- Conducted quarterly risk assessments, identifying and mitigating 100+ vulnerabilities annually
- Implemented next-generation firewalls, enhancing network defense mechanisms and achieving 100% compliance with NIST standards
- Led incident response drills to improve response times, reducing impact severity by 30%

**NETWORK SECURITY ANALYST | SECURETECH, CHARLOTTE, NC**  
JULY 2015 - JULY 2017

- Monitored and analyzed network traffic for threats, proactively resolving incidents in under four hours on average
- Developed and enforced security policies for data protection, reducing unauthorized access attempts by 40%
- Assisted in implementing encryption protocols for secure data transmission
