## KEY SKILLS

- Spectroscopy (UV-Vis, FTIR)
- Data analysis
- Laboratory quality assurance
- Reagent preparation
- Equipment maintenance

## CERTIFICATIONS

- Advanced Spectroscopy Certification, ACS, November 2017

# Sarah Johnson

### Analytical chemistry lab technician with a focus on precision

Eight years of experience in chemical testing, data analysis, and instrument calibration.  
Improved testing accuracy by 15% and streamlined quality assurance processes.

## PROFESSIONAL EXPERIENCE

### CHEMISTRY LAB TECHNICIAN

GREENTECH LABS, DENVER, CO | FEBRUARY 2018 – PRESENT

- Performed chemical analyses using spectroscopy, achieving 15% higher accuracy in results
- Ensure compliance with safety regulations and optimize reagent preparation processes
- Train interns on laboratory techniques and equipment use

### LAB ASSISTANT

ROCKY MOUNTAIN CHEMICALS, BOULDER, CO | JUNE 2016 – JANUARY 2018

- Conducted routine chemical tests and prepared samples for advanced analysis
- Maintained lab cleanliness and adhered to safety protocols

## EDUCATION

### Bachelor of Science in Chemistry

University of Colorado, Boulder, CO | May 2016
