KEY SKILLS

- Machine repair
- Pneumatic and hydraulic systems
- Preventive maintenance
- Troubleshooting
- Welding and fabrication

PROFESSIONAL EXPERIENCE

MAINTENANCE MECHANIC | STEELTECH MANUFACTURING , DETROIT, MI
JANUARY 2021 – PRESENT

- Perform preventive and corrective maintenance on production equipment, reducing machine failure rates by 25% and increasing uptime
- Diagnose and repair electrical, hydraulic, and mechanical components, minimizing downtime and preventing production delays
- Developed a parts tracking system that cut repair times by 20%, ensuring critical components were always available

INDUSTRIAL MAINTENANCE TECHNICIAN | MIDWEST AUTO PARTS , DETROIT, MI
MAY 2018 – DECEMBER 2020

- Inspected and repaired conveyor belts, robotic arms, and assembly line machinery, keeping operations running at peak efficiency
- Conducted safety checks and performed emergency repairs, maintaining compliance with OSHA regulations
- Assisted engineers with equipment upgrades, improving system reliability and extending the lifespan of key machinery

EDUCATION

Associate of Science (A.S.) Industrial Technology | University of Michigan
Ann Arbor, MI | May 2018

CERTIFICATIONS

- Certified Maintenance Manager, (CMM), January 2019
- Welding Certification, February 2018
