

John Bergsen

Entry-Level Military

ABOUT ME

Diligent military professional with hands-on experience in machining, military equipment maintenance, and security duties. Well-informed strategist delivering plans for disaster preparedness, emergency management, and security threats assessment.

PROFESSIONAL EXPERIENCE

Military Operations Specialist

Department of Homeland Security, Washington, D.C. | June 2022 - Present

- Assisted in devising and executing tactical strategies, contributing to the formulation of operational orders and contingency planning
- Develop, implement, and oversee emergency response plans for various disaster scenarios, expediting response time by 15%
- Coordinate with multi-disciplinary teams to ensure consistent, concise communication and collaboration

Army Machinist

Fort Liberty, Fort Bragg, N.C. | May 2021 - May 2022

- Performed routine maintenance on a variety of equipment and devices, from drill presses and grinders to other shop equipment
- Coordinated across departments to gather work orders and execute efficient repairs, reducing downtime by 20%
- Participated in fabricating machine parts
- Planned proper sequence of tasks to complete assignments on deadline

CERTIFICATIONS

- Incident Management Certification, Emergency Management Institute, March 2021
- Basic Life Support Certification (BLS), National CPR Foundation, November 2020
