

ME

Mark Evans

ABOUT ME

Innovative educator in mechanical and civil engineering
Engineering professor with 12 years of experience in teaching and research. Expertise in structural analysis and renewable energy systems, focusing on applied engineering solutions.

PROFESSIONAL EXPERIENCE

Professor of Engineering | Rice University, Houston, TX
August 2015 – Present

- Published eight research papers on renewable energy systems in peer-reviewed journals
- Designed a capstone course for senior engineering students, improving industry placement rates by 25%
- Led a \$2 million research project on wind turbine efficiency

Assistant Professor of Engineering | Texas A&M University, College Station, TX
August 2013 – July 2015

- Mentored 10 graduate students in mechanical systems design
- Collaborated with industry partners to provide internships for undergraduate students

EDUCATION

- Doctor of Philosophy (Ph.D.) in Mechanical Engineering
Stanford University
Stanford, CA | May 2013

KEY SKILLS

- Applied engineering
- CAD software proficiency
- Grant proposal development
- Structural analysis
- Team leadership
