

Samantha Brooks

Computer Science Project Intern

I am a computer science student with robust project experience and a strong foundation in coding and algorithm design. I am eager to contribute to innovative software solutions through collaborative projects.

KEY SKILLS

- Algorithm design
- Machine learning
- Software development
- Research
- Team collaboration

PROFESSIONAL EXPERIENCE

PROJECT INTERN | INNOVATIVE SOFTWARE LAB, AUSTIN, TX JANUARY 2022 – PRESENT

- Developed algorithm prototypes that improved data processing efficiency by 15%.
- Collaborated with team members to refine code and optimize performance.

RESEARCH ASSISTANT | UNIVERSITY COMPUTING DEPARTMENT, AUSTIN, TX SEPTEMBER 2021 – DECEMBER 2021

- Assisted in research projects focused on machine learning applications.
- Conducted data analysis and presented findings to faculty.

EDUCATION

- Bachelor of Science in Computer Science
University of Texas, Austin, TX | May 2024
