

Olivia King

Entry-Level Data Scientist

(123) 456-7890 · Seattle, WA 98101 · olivia.king@example.com · LinkedIn

I am a computer science student focusing on data science and machine learning. I excel in data analytics, model development, and transforming complex data into actionable insights.

Professional Experience

Data Science Intern | Insight Analytics | Seattle, WA
July 2022 – Present

- Developed machine learning models that improved prediction accuracy by 18%.
- Analyzed large datasets to provide actionable insights for marketing campaigns.

Research Assistant | University Data Lab | Seattle, WA
January 2022 – June 2022

- Assisted in developing algorithms for data classification and regression analysis.
- Co-authored technical reports on data trends and model performance.

Education

Bachelor of Science in Computer Science | University of Washington | Seattle, WA
May 2024

Key Skills

- Data analytics
- Machine learning
- Python and R programming
- Statistical analysis
- Data visualization
